

Dr. Brudvik RPD Symposium

The Dental Forum of Milwaukee May 13th, 2015

A. 5 essentials of the “New RPD”

1. Dr. BRUDVIK: The creation of parallel guide planes in tooth structure and in restorations and the lab procedures for fitting the frame in the mouth.
2. Dr. PALACIOS: The elimination the visible clasp retainer.
3. DR. MA: Changing the form and coverage of major connectors.
4. DR. LEE: Using the laser weld to assemble and repair components of the framework.
5. ALL PANEL: Implants and attachments for RPD’s.
 - a. Present as a panel. Ask audience for questions from the floor.

B. Estimate of time intervals after 8:30am introduction:

8:32-9:35: Dr Brudvik
Brief break
9:45-10:45: Dr Palacios
Brief break
11:00-12:00 Dr. Ma
Lunch until 1:00
1:00-2:00 Dr. Lee
Brief break/set up Panel
2:10-3:00(?) Panel Discussion

C. We will arrange a table up front for the ‘Panel’ to cover implants and attachments and open for questions and comments.

D. I plan to offer the audience electronic copies of my RPD book and the CD manual I wrote for the grads. I have revised both of these and Sami has changed the format of the RPD book to make it more like a real book.
