- Dentistry 586 Perio/Pros Seminar (contributing lecturer)

## **Research Interests**

Dr. Rubenstein is Professor and Director of the Maxillofacial Prosthetic Service. His research focus is that of developing cutting edge technological approaches toward the oro-facial rehabilitation of the patient with anatomical compromise in the region of the head and neck. Dr. Rubenstein along with the surgical/reconstructive team at the University of Washington Medical Center have collaborated to facilitate improved function and restoration of such patients with significant and severe compromise and insult to their oro-facial anatomy stemming from management of oro-facial cancer treatment, trauma or congenital disorders. He also has attempted to develop research projects for graduate students and undergraduate dental students stemming from his seminal research on interface fit of implant components and prostheses. Further, clinical trials on cutting edge techniques such as Procera® All Ceramic Restorations and computer generated implant abutments and frameworks has also been a focus of research activity. He has authored a number of publications in the periodic and text literature. As well he has actively contributed to University of Washington Continuing Education Programs, and lectured locally, nationally and internationally.

## **Awards and Professional Service:**

Dr. Rubenstein is a Fellow in the Washington State Society of Prosthodontists and served as it's President in 2002. He is also a member of the Academy of Osseointegration. He is a Diplomate of the American Board of Prosthodontics, a Fellow in the American Academy of Maxillofacial Prosthetics as well as this organization's President in 2007 and a Fellow in the American College of Prosthodontists. He is a Fellow in the Academy of Prosthodontics. He currently serves on editorial review boards of the The Journal of Prosthetic Dentistry, the International Journal of Oral and Maxillofacial Implants and the International Journal of Prosthodontics. Dr. Rubenstein is listed in the inaugural edition of "Best Dentists in the United States, and in Seattle Metropolitan Magazine's 2010 Listing of Seattle's Top Dentists.

## **Personal Interests:**

Dr. Rubenstein has a wide array of interests which include hiking, cross country skiing, snow shoeing, travel especially to places he has never been, chess, reading, theater, classical music, and gardening to name a few.
